

About IPE

The Institute of Public Enterprise (IPE) was established in 1964, as an autonomous non-profit society at the initiative of Mr SS Khera, ICS (the then Cabinet Secretary, Government of India). Having just completed its Golden Jubilee, IPE has made an outstanding contribution to research, consultancy, executive training and management education during the five decades. IPE is among the top 40 Management Institutions in India according to Ministry of HRD, Govt. of India.

IPE is also recognized as 'Centre of Excellence' by the Indian Council of Social Science Research (ICSSR), Ministry of Human Resource Development, Government of India, New Delhi for doctoral studies. Over the years, the Institute has developed strong linkages with renowned academic institutions and industries including Universities in USA, UK, Australia, Slovenia amongst others. The institute has undertaken research and consultancy assignments for national and international organizations like the World Bank, Asian Development Bank (ADB), International Centre for promotion of Enterprises (ICPE) etc., The Institute has also been offering consultancy services to various departments of the Government of India, State Governments, public and private sector organizations.

Prof. R. K. Mishra, who is a widely recognized expert in Public Enterprise Management is currently the Director of IPE. The Institute is governed by a body of eminent professionals, academics and administrators with Mr. K.Madhava Rao, IAS (Retd) as the President.

Two Week Faculty Development Programme (FDP) Program on

Management of Technology and Innovation for Competitiveness

(Scheme under Grant – in-Aid from All India Council for Technical Education (AICTE), Government of India)

Venue: Institute of Public Enterprise, Osmania University Campus, Hyderabad.
10th -22nd February 2020

Faculty Development Programme

VENUE:

Institute of Public Enterprise
Osmania University Campus, Hyderabad

Programme Director:

Dr. P S Janaki Krishna

Programme Co-Director:

Dr. N G Satish

Preamble:

The importance of technology, innovation and their management is increasing as organizations in India strive for growth amidst high competition, particularly with both national and international players, especially from private sector. Even the successful or capable organizations also need to build on their achievements and enhance their capabilities for better management of technology and innovation.

Why learn 'Management of Technology and Innovation for Competitiveness at IPE?

Having trained several government officials in management and having stints in technology management by offering courses and implementing projects in science and technology, Institute of Public Enterprise (IPE), Hyderabad, provides appropriate environment to learn MTI. The faculty in IPE have rich background and relevant expertise to facilitate the learning.

- IPE has been nurturing skilled talent for over five decades in public and private sector enterprises in India.
- IPE has made significant contribution to creation of knowledge, inventions and technology management by managing technical programmes of Govt of the Netherlands, DFID, World Bank, etc.
- IPE has faculty with unique initiatives. Participants have possibilities to meet inimitable professors, visit facilities and interact with sharp minds.

Programme Objectives

The main objective of the program is to provide participants with a working knowledge of key technology management concepts and perspectives.

After attending this program, participants should be able to:

- Realize the significance of MTI and elements for focus
- Get feel for the key concepts and relevant tools of management of technology
- Apply the knowledge and skills in MOT at work place.

Methodology

The program will be interactive and experiential in nature. The format will have mix of lectures, video films, individual and group exercises and case studies, etc.

Participation

We invite nominations from faculty from Central/State/Deemed Universities; AICTE recognized Colleges, State Science & Technology Councils and Industry.
