Placement Committee

The Placement Committee of the Institute contacts and assists the companies in the recruitment process. The Committee comprises the Chairman – Placement Committee, Placement Coordinator and all PG Coordinators. The Student Placement Committee assists this Committee. The Placement Coordinator is the convener of the Placement Committee.

The students will be allowed to report to their duties from January 2020 onwards, depending on the need of the recruiter. To confirm participation, the organizations are requested to complete the Placement Response Sheet provided at the end of the brochure and mail it back at the earliest to enable early allotment of dates.

Guidelines for Final Placements

The following guidelines have been framed by the Institute to ensure transparent participation in the placement activities for the Class of 2020. Your cooperation will be highly appreciated.

- Details regarding the organization's placement requirements can be forwarded to the Placement Coordinator. These details are essential for scheduling the placement process.
- Information about the company in the form of brochures, pamphlets, write-ups, etc., may be sent to the Placement Coordinator along with the job profile.
- Pre-Placement talks will be held at the Institute during which the companies make presentations about their operations and job profile.

- The Placement Coordinator will forward the Curriculum Vitae of all the interested students to the organisation.
- The recruitment process will be held in the campus, but if the organization desires that the students should come to their office this requirement will also be met.
- The company must declare the results while on the campus.
- Once a student receives an offer he/she is not eligible to participate in further selection process of any other company.
- All the offer letters to the students by the organization must be channelled through the Placement Coordinator. Duplicate copies of the appointment letters duly signed and accepted by the students will be returned to the organization.
- Please ensure that all the correspondence regarding placements is channelled through the Placement Coordinator.
