

16<sup>th</sup> May, 2020

Dear Student,

Greetings from the Institute of Public Enterprise!

Hope this mail finds you in good health and spirits in the current situation.

We are eager to welcome you to the IPE family as we gear up to commence the new academic year on 1<sup>st</sup> August 2020 for the PGP Batch 2020-22. Well known for its clean and green environs, IPE's Shamirpet Campus is now ready to combat the challenges posed by COVID-19. We at IPE, pay attention to every detail to make your stay on the Campus safe and healthy, adhering to the new norms of hygiene and social distancing that we have to live with. All precautions announced by the Central and State Governments are followed to take utmost care of the students - both hostellers and the day scholars.

You would be pleased to know that:

- The Institute has a well equipped medical room with a qualified Nurse available round the clock on the Campus for medical attention. A qualified Doctor visits the Institute daily at the prescribed timings and always available on call. An Ambulance is all the time available on the campus to shift students to hospitals in case of any emergencies, without losing any time.
- Issues related to social distancing and sanitization norms are addressed through sensor operated electrical installations, water and sanitizer dispensers. Suitable arrangements are put in place conforming to the new norms in conducting the classes, use of library and other facilities in the Academic Block, Food Court, Hostels, Laundry, Gym, Sports facilities etc.
- Suitable arrangements are also made for the students who would like to be the Day scholars and keen on using the Institute's transport facility for attending the classes.
- The Institute has necessary physical and technical infrastructure available to conduct online classes besides normal class room classes. The Institute already delivered online classes successfully for the outgoing batch students and hence similar arrangement of online classes could be arranged for the newly admitted students if the lock down is extended or imposed again after a break.
- The Institute has the technical expertise to conduct the examinations in online mode which our outgoing batch students would be attempting shortly. Similar arrangements for online examinations could be made if necessitated in future.

We assure all the students and parents that the Institute has taken all necessary precautions to protect the health and safety of students till we get relieved from the problems associated with COVID-19.

Please feel free to contact us for any clarifications, information or help you may need.

Looking forward to meeting you all,

With Best Wishes,

(S Sreenivasa Murthy)
