

About IPE

Institute of Public Enterprise (IPE), Hyderabad is a non-profit educational society devoted to Education, Training, Research and Consultancy for business enterprises in the public and private sector. IPE is a premier Business School and is recognized as a 'Centre of Excellence' by the Indian Council of Social Science Research (ICSSR), Ministry of Human Resources, Government of India, for doctoral studies. It has developed strong links with industry and academic institutions. IPE strongly believes that human resource development including education is crucial for economic growth.

As part of its long-term education programme, the Institute runs Post Graduate Diploma in Business Management programmes recognized by AICTE. The research studies of IPE have been extensively used by the Committee on Public Undertakings (COPU), other Legislative and Government Committees, the Economic Advisory Council to the Prime Minister, several Ministries of the Government of India, Planning Commission, SCOPE and several Finance & Pay Commissions. Programmes have spanned over all the functional areas of management and various sectoral disciplines. Customized programmes on Corporate governance, CSR, Board orientation programmes, General Management, Supply Chain Management, Project Management, Information Technology, Operational Excellence, etc have been conducted for officers of the State, Central Governments and Private Sector Organizations.

About Centre for Corporate Governance (CCG)

The Center for Corporate Governance (CCG) has been set up by IPE to build and disseminate knowledge of corporate governance through research, publications, seminars, conferences and workshops. It is accredited by National Foundation for Corporate Governance (NFCG). ONGC Ltd has instituted a Chair on CG titled 'ONGC Subir Raha Chair on Corporate Governance' at the Institute. The CCG believes that a deep understanding and appreciation of CG-related issues are now essential for all managers, as CG is central to corporate leadership and strategic decisions, social responsibility, and regulatory compliances in a market-driven global economy. There is a need for examining and debating on various issues of CG - shareholder value vs. stakeholder value, Board of Directors' role, ethical dilemmas and choices, credibility management, moral issues in insider trading and ownership, setting corporate vision and strategic direction, top management evaluation and compensation, etc. The CCG seeks to address these and other issues. The CCG's primary aim is to build and disseminate knowledge of CG through its research, publications, seminars, conferences and workshops. It also provides consultancy to Government organizations, public and private companies, as well as NGOs in implementing the highest standards of CG. Through its training programmes the CCG enables existing and future directors to better understand the varied aspects of CG, making them effective contributors of the board. Its research and publication activities help set standards and policy formation by regulatory bodies, professional institutes and industry associations. Centre co-publishes a journal - Indian Journal of Corporate Governance with M/s Sage Publications Ltd
