## About IPE

The Institute of Public Enterprise (IPE) was established in 1964 as an autonomous non-profit society for imparting training to the executives of the public sector enterprises. Given the immense responsibility of charting a new path for the country, the public sector enterprises needed executives trained in managerial and leadership skills. These skills were essential for the efficient and effective conduct of various domain related activities in these enterprises. IPE was conceived as a premier institution for designing and delivering the training programmes for those executives and thus became a part of the nation building. From then onwards, IPE has been in the forefront of conducting training programmes in different domains for the benefit of these enterprises.

Given the emphasis on executive development, IPE has worked in close collaboration in research and consultancy activities with these enterprises. These activities have helped IPE to gain rich insights about the functioning of the public sector enterprises which helped in customizing the training programmes to meet the needs of the executives from time to time. The IPE faculty members have been appreciated for their in-depth and critical inputs during the design and delivery of the training programmes.

IPE has a very successful track record of running MDPs over a long period of time. IPE also has a strong Research and Consultancy Division, which provides consulting services and undertakes research projects for various national organizations. The Institute has been recognized as a 'Center of Excellence' by the Indian Council of Social Science Research (ICSSR), Ministry of Education, and Government of India.

IPE is also a premier AICTE approved Management Institute focusing on transforming students into leaders of tomorrow in organizations and society. In 1995, the Institute launched its first two year full-time Post Graduate Diploma in Management (PGDM) program to provide skilled human resources to meet the requirements of industry. Keeping in view the market demand, the Institute also launched sector-specific PGDM programs in the areas of Marketing, Banking Insurance and Financial Services, International Business and Human Resource Management.

IPE is consistently ranked among the leading B-Schools in India in most well-known ranking surveys.
