

About IPE

The Institute of Public Enterprise (IPE) was established in 1964, as an autonomous non-profit society at the initiative of Mr SS Khera, ICS (the then Cabinet Secretary, Government of India). Having just completed its Golden Jubilee, during the five decades of its existence, IPE has made an outstanding contribution to research, consultancy, executive training and management education and its courses are duly accredited by the Association of Indian Universities (AIU), National Board of Accreditation (NBA) and the South Asian Quality Assurance Systems (SAQs). IPE is among the top 40 Management Institutions in India according to Ministry of HRD, Govt. of India. IPE is also recognized as 'Centre of Excellence' by the Indian Council of Social Science Research (ICSSR), Ministry of Human Resource Development, Government of India, New Delhi for doctoral studies. Over the years, the Institute has developed strong linkages with renowned academic institutions and industries including Universities in USA, UK, Australia, Slovenia amongst others. The institute has undertaken research and consultancy assignments for national and international organizations like the World Bank, Asian Development Bank (ADB), International Centre for promotion of Enterprises (ICPE) etc., The Institute has also been offering consultancy services to various departments of the Government of India, State Governments, public and private sector organizations.

Institute of Public Enterprise Hyderabad

A 3-day Management Development Programme on CYBER CRIME & SAFETY MEASURES

Practical LIVE Demonstration

December 12, 13 & 14, 2022

Dr. A.S.Kalyana Kumar

Programme Director

kalyan@ipeindia.org Mob: 9441744319

www.ipeindia.org

Introduction and Objectives:

As more individuals own and operate Internet-enabled devices and more critical government and industrial systems rely on advanced technologies, the issue of cybercrime has become a crucial concern for both the general public and professionals alike. This Programme explores various cyber crimes like mobile hacking, adult bullying, cyber stalking, hacking, defamation. Network Penetration Test and the deep web, invisible web, or hidden web are parts of the World Wide Web whose contents are not indexed by standard web search engines. This is in contrast to the "surface web", which is accessible to anyone using the Internet. Many relevant topics also will be discussed.

Programme Outline:

- Types of Cyber Crimes & Real Life Cyber Attacks
- Online Classes/Meetings - Safety Measures
- Technology leverage in Women & Children Safety
- Work Place Safety Measures from Unknown Attacks
- Mobile Phone Hacking & Security
- Virus & Spyware Prevention
- Network Penetration Test, Deep/Dark Web Analysis
- Auditing & Intrusion Detection Tools
- Cyberattacks, Critical Information / Infrastructure Protection

Programme Methodology :

The Programme will be conducted in an interactive environment. Emphasis will be on a highly participative style of learning. Programme methodology includes class room lectures with audio visuals and sharing of experiences, along with simulation demo.
