IPE has been one of the best experiences I’ve had in my life. The best thing about IPE is the Faculty, who constantly push us to be the best version of ourselves. It has always been a pleasure to represent and win accolades for our beloved institution at many state and national level events. None of this would have been possible without the support of our faculty. Personally, I have thoroughly enjoyed all my days in IPE. All the skills I picked up in IPE helped me land in a better spot not only in my career but also in my life. I strongly feel and believe IPE will continue to help many more aspiring management professionals.

For us the game changer in the IPE ecosystem was the support and encouragement we got from faculty members to realise our potential. Besides a rigorous curriculum the multiple club activities fostered in us a competitive spirit, peer learning and coping with setbacks. We also got the chance to host various quiz events as a part of the club activities which gave us a lot of confidence. While we came second in the Tata Crucible in 2018, a high point in our career, we look forward to two girls from IPE besting us.

My experience at IPE fundamentally taught me - “It’s the fastest bird gets the worm rather than the early bird gets the worm”. At IPE, I met people from different fields, cultures and experiences. The cases and discussions by the professors helped me think as an entrepreneur, loaded with practical application. I got an opportunity to manage the marketing, social, and sports club and trust me these experiences nurtured my personality and are now helping me in my professional life. Regular feedback from professors and experiences of seniors helped to crack my first GD and interview ultimately leading to my first job.

RISHABH NANDI
Director & Founder – TryTrabby (tourism website) and Winking Brain LLP

I chose IPE as most of the faculties were PhDs, which was a great investment. The curriculum, infrastructure, and faculty are exemplary. The co-curricular and extra-curricular opportunities taught us to deal with on-ground activities and management. IPE offered opportunities to organize events such as Box of Kindness, National level annual fest Kurukshetra, and coordinated Strength Wars. Furthermore, I studied in a well-equipped classroom, trained at the gym, had healthy and homely food at the canteen, conducted activities in the campus, played sports and the list goes on. The college gave me many experiences and I lived the moment at IPE.

HARSHA SHEELAM
Pursuing PhD in Marketing and Strategy in IBS Hyderabad, IFHE University

I pursued PGDM Marketing and developed an interest in research. The faculties helped me understand research better. Eventually, I cleared UGC-NET for Assistant Professor using the syllabus and books of IPE. My inclination towards writing research papers was due to IPE the SIP and LTP. The curriculum and pedagogy of the program is sparingly done in other colleges. Learning something new always attracted me and during my stint at IPE I developed new skills and understood my untapped potential. Apart from academics, I had the opportunity to participate in sports, extra-curricular activities, conferences and this helped me add more feathers on my cap.

Marketing as a discipline requires you to have two approaches – Pragmatically or Theoretically. Seems paradoxical right? Here in IPE this is just a puzzle solvable with ease. The theories in the course are tested to implementation which helps in imparting both practical and theoretical acumen. In PGDM Marketing the emphasis is laid down for making the student industry ready. Faculty are stellar in designing a dynamic methodology for the contemporary industry needs. Pick IPE for PGDM-MM. Pick PGDM Marketing for a bright career.

The curriculum of PGDM-IB is power-packed and updated on a regular basis as per the latest industry requirements. Subjects such as International Finance, International Marketing, MNC strategies at BOP Markets (which are exclusive subjects for IB) gave me insights into various critical aspects of International Business and Globalization. As part of the international port visit (which is yet another unique feature of IB), our batch visited the North Port of Malaysia. The current batch of students visited many more countries such as France, Germany, Switzerland, Belgium, Netherlands, etc as part of the industry visit.

An internship enables a student to gain firsthand exposure of working in the real world. It also allows students to connect the skill, knowledge, and theoretical practice they learnt from the classroom. Internships provide a nice learning curve for students with little experience in the professional world. A practical work background carries a major significance when attempting to enter the job market.

To facilitate our students, we provide an excellent internship opportunity at the end of the third trimesters. The students of various two-year post-graduate programmes at IPE undertake a 6 to 8 week internship program as a study at a commercial corporate, consultancy or government organization. This internship enables the students to gain first-hand exposure to working in the real world, that one internship could be the difference between winning a job opportunity or losing it.

At the end of the 8-week internship, students are required to prepare a project report and evaluation also will be done. We provide continuous guidance by the faculty and mentors. Few best-performed students may have a scope to get a pre-placement opportunity at the end of their internship.
Hostels
IPE has two separate hostels for boys and girls on campus. Preference will be given for outstation students on first-cum-first serve basis.

- Ultra-modern food court serves breakfast, lunch, evening snacks and dinner.
- Kiosk facilities are available to cater to the student needs.
- Weekly Menu is finalized by the Food Committee which consists of student representatives and caters to the tastes of students from different parts of India.
- In-house laundry facilities are available on the campus.

Library
The Institute library has a rich collection of 45,784 documents, including books, reports and journal back volumes in different areas of management. The library also offers thousands of electronic books, journals, magazines, videos and more. The digital sources can be accessed anytime and anywhere for authenticated users.

Computer lab
The IT infrastructure at the institute has composite hardware, software, network resources and services required for the existence, operation and management of the institution. There are two computer labs for the students of IPE.

Medical Facility
A resident nurse is available in the Campus round the clock to take care of the medical requirements of the Hostellers and Day scholars.

Transport
For day scholars IPE facilitates transport from multiple locations of the city to its Shameerpet Campus. At present buses are run from 11 different locations viz.
